The diagram illustrates the inheritance of the ABO blood group. It shows four grandparents at the top, their children in the middle, and the child at the bottom. The grandparents are Dela T. (A), Szybawski J. (B), Zwara D. (A), and Zieliński A. (B). The children are Szybawski J. (B) and Zieliński A. (B). The child is Biegaj R. (AB). The inheritance is shown by lines connecting the grandparents to their children, and the children to the child. The blood types are indicated in parentheses next to the names.
